

Laurance Lee Meet the Candidates #13 Full response

All the candidates appeal to me in different ways, and I have yet to choose my other two votes. We share many priorities, including stronger academic outcomes, safe schools, and supporting teachers.

I've spent years digging into SFUSD's challenges and working with people across the community to find solutions. My work on the Civil Grand Jury and four years on SFUSD's Citizens' Bond Oversight Committee show that I can tackle difficult governance issues collaboratively and effectively. My broad range of endorsements reflects those relationships and the trust we've built. SFUSD gave me my start in life, and I'll work with whoever is elected to make sure today's students get the same opportunities I had.
